

8-DAY ADVENTURE

CLASSIC TOUR DU MONT BLANC – LITE

France

Join us on this eight-day, classic Alpine circuit of Mont Blanc. On this trek we stay in traditional gites and refuges along the route, which gives you the full Alpine experience and great camaraderie along the way. The historic Tour du Mont Blanc is one of the most spectacular walks of the world. Trekking around the “top of Western Europe” means discovering an incomparable universe of high mountains and glaciers. You will discover the French, Italian and Swiss slopes, from Chamonix to the Courmayeur valley, and from the Fenêtre d’Arpette to the wild Val Ferret. The path winds between mountain pastures, glaciers and peaks, crosses high mountain passes, lush valleys and highway-sized glaciers. On our 'Kandoo Lite' trips your service will end once you leave the group at the end of your trek.

Our last night in Italy is spent at the Bonatti refuge, named after Walter Bonatti, the great Italian mountain climber. TRIP INFORMATION

DIFFICULTY

The Tour du Mont Blanc is not to be underestimated, there is a lot of steep ascent and descent on this trek, so your legs will be getting a good workout. Yet, whilst a high level of fitness will make the days a lot easier it by no means requires super human fitness. A solid training plan will allow you to better prepare for the hikes and enjoy yourself when you're on the trail. You will need to reach particular points on the trail each night so you may find the pace of walking to be a little faster than on Kilimanjaro, for example. This is by no means a sprint, however a good level of fitness will ensure you have a positive experience.

Trekking poles are also a lifesaver, especially on the steep Alpine passes! If you are comfortable walking for 6-7 hours with an ascent of 1000m over consecutive days then you are certainly fit enough to succeed on the Tour. Think of it as climbing Snowdon or Ben Nevis every day for six days! If you can do this then there is no reason why you can't complete the entire Tour du Mont Blanc. We find that all successful hikers share a real *Kandoo* attitude and that means high levels of grit and determination.

FOOD & DRINK

This trip is on a full board basis (except for the first night in Chamonix). For your evening meal in Chamonix, there is a wide range of local restaurants for you to sample. If you have a dietary requirement or are a vegetarian then just let us know when you book so that we can plan suitable lunch menus.

The refuges provide hearty, traditional and generous meals. Drinks are not included with dinner, so please make sure you have some Euros and Swiss Francs with you. Refuges do not normally accept card payments.

Packed lunches will be produced by your guide and include local meats and cheeses, crusty bread and fresh seasonal vegetables. The lunch items will be shared between all of the group for carrying each day. Remember to bring your favourite snacks (cereal or energy bars, dried fruits, chocolate) with you to keep you going through the day.

Tap water is typically safe to drink in France so you can fill up your water bottle each morning at the hotel or refuge. On the trek itself, you will be passing many refuges where you will also be able to top up your water if needed.

ACCOMMODATION

Accommodation in Chamonix will be in a 3-star hotel in twin rooms. You will stay in Chamonix on the first night of the trip. Please note that your evening meal is not included when you are in Chamonix.

The mountain refuges we use are authentic huts with catering facilities and shared mixed-sex dormitory rooms of anywhere between 4-16 beds: blankets, pillows and mattresses are provided but you will need to bring a sleeping bag liner. Please only bring very basic toiletries as sometimes there is no running water available at the huts. On arrival at the huts, you will be expected to take off your boots and use the indoor shoes that the refuge provides (these are often clogs).

LUGGAGE

www.mountaindropoffs.com/ You will need two bags for this trip. One travel bag for your replacement clothes which will be transferred between locations vehicle (max 10kg) Tip: Bring a bin liner to protect your clothes from humidity. Please do not lock your luggage as they may need to be checked by Swiss customs. Please note: Do not leave computers, tablets, cameras and valuable objects in your travel bag. One 30-40L rucksack with a large chest strap that you will carry during the day. You will carry your own personal equipment (spare warm clothes, waterproofs, water bottle, camera and sun screen) and valuables, as well as your packed lunch in your rucksack

HOW DO I GET THERE?

For travellers based in the UK or the US, it is best to fly to Geneva International Airport (GVA). Lots of airlines fly to Geneva from all of the major UK airports, and many of the larger US international airports as well. There are lots of companies offering transfers from Geneva to Chamonix. The cheapest options tend to be with [Alpybus](#) or [Chamexpress](#) who provide regular shared bus transfers allocated by arrival time. These are usually around 40 Euros each way for a shared transfer. Another option is to book through [Mountain Dropoffs](#), they offer smaller minibus style shared transfers for around 50 Euros each way. With Mountain Dropoffs, it is also possible to pay an additional fee for a private transfer.

You will meet the rest of the group at the pre-trek hotel in Chamonix.

Travelling Responsibly

Alternatively if you wish to travel more responsibly, then there are other ways to reach Chamonix. [Flixbus](#) and [BlablaCar](#) offer routes from London to Chamonix with a change in Paris. These take around 22 hours and tend to cost between £75-120 each way. The other option is to travel by train. This is a much quicker option taking between 10-12hrs London - Chamonix, with changes at Paris and Chambéry, however this does come at an increased cost. Expect to pay around £250-300 each way on an advance ticket. Tickets can be found at [Rail Europe](#).

If you choose to travel via train or bus, get in touch and let us know because we like to reward our responsible travellers!

BUDGET & CHANGE

The currency in France and Italy is the Euro (EUR) and in Switzerland the Swiss Franc (CHF). Euros are accepted in Switzerland although the exchange rate will not be very good. However, if you are only likely to be buying the odd drink or snack while you are in Switzerland, this would probably be easier than exchanging money into Francs. Foreign money can be exchanged at the Global Exchange in Geneva airport on arrival or you can bring money already exchanged with you, as both these are open currencies. We would recommend the latter as it is no longer possible to exchange foreign currency notes in banks in France, so you may find it difficult to exchange your money after leaving the airport. The only places that exchange foreign banknotes are bureau-de-change which can be found in large cities. You will, however, be able to withdraw money from ATMs in Chamonix on Day 1 of your trip.

The simplest way to pay for things in France is to use an international credit card or debit card. Visa and Mastercard are accepted everywhere alongside standard travel cards such as Monzo and Revolut. You may wish to have some Euros to hand, to pay for smaller items or souvenirs in case the trader does not accept cards. Credit and debit cards are also not accepted at the mountain refuges so you will need to carry enough cash for snacks, drinks and any personal expenses.

The average cost of a meal for 2 in Chamonix is around €50 (\$55). It's not a cheap place to eat out, however it makes up for this by offering free public transport all around the town. If you are wanting to buy some souvenirs to take home then these generally cost anywhere between €5 (\$6) for small items to €500 (\$550) for larger more bespoke gifts. Don't forget you will also need to budget for drinks whilst in the refuges too. Therefore, our recommended guidance for spending budget in the Alps would be roughly €220 on top of any tips, to give you ample souvenir spending money.

TIPS

Tipping customs vary all over the world and can be very confusing when travelling to a new country. There is not a strong culture for tipping in France, but that said, anything you wish to give your guide in appreciation of his services will be welcome. You may wish to buy him a drink in the refuge or hotel.

Tips are not a substitute for good wages: our guides are all well paid and well looked after. Tipping is completely voluntary, and at your discretion. If you are unsure of how much to tip, a general guide of €10 per person for the entire trip should suffice. On the other hand, if you receive bad service or have not been treated well, you would not be expected to tip at all.
