TRIP INFORMATION

DIFFICULTY

The Haute Route is given the name "the high route" for good reason; there is a lot of steep ascent and descent on this trek, so your legs will be getting a good workout. Yet, whilst a high level of fitness will make the days a lot easier it by no means requires super human fitness. A solid training plan will allow you to better prepare for the hikes and enjoy yourself when you're on the trail. You will need to reach particular points on the trail each night so you may find the pace of walking to be a little faster than on Kilimanjaro, for example. This is by no means a sprint, however a good level of fitness will ensure you have a positive experience.

Trekking poles are also a lifesaver, especially on the steep Alpine passes! If you are comfortable walking for 6-7 hours with an ascent of 1000m over consecutive days then you are certainly fit enough to succeed on the route. Think of it as climbing Snowdon or Ben Nevis every day for a week! If you can do this then there is no reason why you can't complete the entire Haute Route. We find that all successful hikers share a real *Kandoo* attitude and that means high levels of grit and determination.

FOOD & DRINK

This trip is on a full board basis (except for 2 nights in Chamonix). For your evening meals in Chamonix (Day 1 and 9) there is a wide range of local restaurants for you to sample. If you have a dietary requirement or are a vegetarian then just let us know when you book so that we can plan a suitable menu.

The hotels provide hearty, traditional and generous meals. Drinks are not included with dinner, so please make sure you have some Euros and Swiss Francs with you.

Packed lunches will be produced by your guide and include local meats and cheeses, crusty bread and fresh seasonal vegetables. The lunch items will be shared between all of the group for carrying each day. Remember to bring your favourite snacks (cereal or energy bars, dried fruits, chocolate) with you to keep you going through the day.

Tap water is typically safe to drink in France and Switzerland so you can fill up your water bottle each morning at the hotel. On the trek itself, you will be passing many refuges where you will also be able to top up your water if needed.

ACCOMMODATION

Accommodation in Chamonix is a 3-star hotel with en-suite twin rooms. You will stay in Chamonix on the first and last night of the trip. Please note that your evening meals are not included on your nights in Chamonix.

You will then spend 7 nights on the trek in 3-star hotels or lodges in twin rooms, with an evening meal included.

Hotels will be comfortable twin or double rooms with en-suite bathrooms.

Lodges are simple hotels with shared toilets and bathrooms - twin rooms will be booked where possible, however, please be aware that due to the interest in this route, this may not always be possible and on these nights shared dormitory accommodation may be used.

YOUR GUIDE

Your guide will be an English speaking, experienced International Mountain Guide.

TRANSPORT

During your trek, you will use public trains and buses as well as cable cars and private transfer buses. All transport on the itinerary is included in the cost. Airport transfers are included on arrival and departure days only. If you decide to arrive in the Alps early or stay on a little longer after your trip, please call us to arrange a private transfer.

LUGGAGE

You will need two bags for this trip. One travel bag for your replacement clothes which will be transferred between locations by vehicle (max 10kg). Please do not lock your bag as it may need to be checked by Swiss customs. Please note: Do not leave computers, tablets, cameras and valuable objects in your travel bag. One 30-40L rucksack with a large chest strap that you will carry during the day. You will carry your own personal equipment (spare warm clothes, waterproofs, water bottle, camera and sun screen) and valuables, as well as your packed lunch in your rucksack.

HOW DO I GET THERE?

For travelers based in the UK or the US, it is best to fly to Geneva International Airport (GVA). Lots of airlines fly to Geneva from all of the major UK airports, and many of the larger US international airports as well.

We will collect you from Geneva airport and transfer you to your hotel in Chamonix. Airport transfers are included in the cost of your trip on arrival and departure days only. If you decide to arrive in the Alps early or stay on a little longer after your trip, please call us to arrange a private transfer. The drive to Chamonix takes roughly one and a half hours. Please be aware that we may ask you to wait at the airport for up to 90 mins if there is other Kandoo Adventures guests arriving shortly after you. Transfers back to Geneva after your trip depart at 9am from your hotel in Chamonix.

When you arrive in Geneva, please look out for our driver in the arrivals area, they will be holding a large "KANDOO ADVENTURES" sign.

If you are changing airlines or re-checking your luggage at an airport on route, please ensure you leave a minimum of 3 hours between flights. This will account for any delays on arrival, travel time across airports (this can take longer than you think) and time taken to re-check baggage.

Travelling Responsibly

Here at Kandoo, we like to support our guests to make their travel more sustainable. As of 2025, we are offsetting the carbon on all of our trips from arrival in destination to dropping you back off at the airport. As we don't include flight travel in our trips these aren't included in our offsetting calculations, so we are providing you with the calculator below for you to do this yourselves.

eC02 Flights Calculator

Alternatively if you wish to travel more responsibly, then there are other ways to reach Chamonix. Flixbus and BlablaCar offer routes from London to Chamonix with a change in Paris. These take around 22 hours and tend to cost between £75-120 each way. The other option is to travel by train. This is a much quicker option taking between 10-12hrs London - Chamonix, with changes at Paris and Chambéry, however this does come at an increased cost. Expect to pay around £250-300 each way on an advance ticket. Tickets can be found at Rail Europe.

If you choose to travel via train or bus, get in touch and let us know because we like to reward our responsible travellers!

PRE-TREK BRIEFING

Your guide team will meet you at your hotel at 6pm the day before your trek begins, where we'll review the plans for the trip with you, make sure you have all the right gear, and answer any questions you may have. Please try and arrive in time for this briefing.

BUDGET & CHANGE

The currency in France and Italy is the Euro (EUR) and in Switzerland the Swiss Franc (CHF). For the latest exchange rates please see www.xe.com.

Euros are accepted in Switzerland although the exchange rate will not be very good. However, if you are only likely to be buying the odd drink or snack while you are in Switzerland, this would probably be easier than exchanging money into Francs. Foreign money can be exchanged at the Global Exchange in Geneva airport on arrival or you can bring money already exchanged with you, as both these are open currencies. We would recommend the latter as it is no longer possible to exchange foreign currency notes in banks in France, so you may find it difficult to exchange your money after leaving the airport. The only places that exchange foreign banknotes are bureau-de-change which can be found in large cities. You will, however, be able to withdraw money from ATMs in Chamonix on Day 1 of your trip.

The simplest way to pay for things in the Alps is to use an international credit card or debit card. Visa and Mastercard are accepted everywhere alongside standard travel cards such as Monzo and Revolut. You may wish to have some Euros to hand, to pay for smaller items or souvenirs in case the trader does not accept cards. Credit and debit cards are also not accepted at the mountain refuges so you will need to carry enough cash for snacks, drinks and any personal expenses.

The average cost of a meal for 2 in Chamonix is around €50 (\$55). It's not a cheap place to eat out, however it makes up for this by offering free public transport all around the town. If you are wanting to buy some souvenirs to take home then these generally cost anywhere between €5 (\$6) for small items to €500 (\$550) for larger more bespoke gifts. Don't forget you will also need to budget for drinks whilst in the refuges too. Therefore, our recommended guidance for spending budget in the Alps would be roughly €220 on top of any tips, to give you ample souvenir spending money.

TIPS

Tipping customs vary all over the world and can be very confusing when travelling to a new country. There is not a strong culture for tipping in France and please note tips are not a substitute for good wages: our guides are all well paid and well looked after. Tipping is completely voluntary, and at your discretion. If you are unsure of how much to tip, we recommend a general guide of €80-100 per person for the entire trip. On the other hand, if you receive bad service or have not been treated well, you would not be expected to tip at all.
