TRIP INFORMATION

DIFFICULTY

This adventure is **moderate difficulty**. You will be trekking for up to 4 days, occasionally on steep and rocky terrain. You will be averaging 15km walking per day, the maximum distance covered on a single day being 20km. There may be as much as 870m of vertical ascent and descent in a day. You should be fit and healthy with recent experience of walking in a mountainous environment for several days in a row. On steep and possibly loose ground, care should be taken to avoid slips and trips, you may find walking poles useful. The weather in Patagonia is notoriously changeable and you should be prepared to walk in strong winds and heavy rain. If you have any questions about your suitability for this trip please feel free to get in touch.

FOOD & DRINK

Whilst camping in Torres del Paine National Park, your meals will be prepared at the campsites using **fresh and locally sourced ingredients**. We will provide you with a dining tent in which to take your meals and all crockery, cutlery, tables and chairs are provided. Picnic lunches will also be prepared for you.

Whilst staying in the hotel in Puerto Natales, you can choose to eat at the hotel or go out and find a **local restaurant**.

Argentine cuisine consists mainly of meat. More precisely, beef. Argentina is renowned for the quality of its steak and it is a meat lovers paradise. You will find grilled meats available everywhere including tripe, intestines and even udders. Meat aside, the cuisine is a mix of **Spanish, native American and Italian influences** so vegetarians can always fall back on dishes like gnocchi, pasta and pizza. In the large towns and cities, you will find all dietary requirements are catered for. You may also have the opportunity to sample "Mate", a Paraguayan tea made from a variety of holly and typical drank from a "bombilla".

If you have **special dietary requirements** please inform us when booking your adventure. We can cater for vegetarian and gluten free diets but refuges usually have set menus and options for these diets can be repetitive. If you have any special dietary requirements, you may want to bring some food items from home to provide a bit of variety. Please be aware that in Torres del Paine, you will need to carry any special food items yourself.

Whilst trekking, boiled and filtered water is available every morning for you to fill your bottles or bladder. We recommend you also bring a water filter or purification system to allow you to refill at refuges or springs. All drinks, including water, are your own responsibility through out the trip. We don't recommend the use of plastic bottles which will need to be carried out and recycled.

ACCOMMODATION

Whilst in Puerto Natales we will stay in a **comfortable 3-star hotel**. Rooms will be double or twin with en-suite bathroom. We ensure that the hotel we use is well located to allow you to get out and explore the area.

In Torres del Paine National Park we will be camping. A 2-man tent is provided per two people along with a foam mattress. Tents will already be set up with mattresses inside...some of them are even raised on special platforms! There will be shared bathrooms with flushing toilets and hot water at all sites except Camping Los Perros (cold water only). Bathroom facilities can be basic and it is sensible to take flip-flops / sandals for the showers and wet-wipes.

Sleeping bags are available to rent for your trip, this must be requested at the time of booking.

Your meals will be prepared by the staff at the campsite and you will eat in the refuge 'restaurant' each morning and evening. All crockery and cutlery is provided. Packed lunches will be provided from the refuge kitchens each morning for you to take with you in your backpack.

Wifi is available at the refuges but must be bought on a pre-paid card. This can be purchased at the refuges or mini-markets at the campsites.

LUGGAGE

Bag Weight: 15kg.

In Torres Del Paine National Park there is no vehicle access and, as we won't be using porters for this trip, you will be carrying all of your own personal equipment (from Day 2 to Day 5). For this, you will need a **backpack of roughly 40 litres** to carry with you each day. We recommend that this is no more than **12kg** to ensure it is comfortable for you to wear throughout your trek. This can be used as your hand luggage on international and domestic flights. If you wish to bring another bag for items before and after the trek this can be left in secure storage at the hotel for the trekking period. We request that you do not bring a rigid suitcase as they are more difficult to transport.

Note: your backpack for trekking will be for your sleeping bag and personal equipment only and will not include tent or mattress as these will be provided at the sites.

Please be aware that on domestic flights in Argentina and Chile there is a maximum weight of **15kg** on all checked luggage. If your main bag weighs more than 15kg you may be asked to pay excess luggage fees which will be your own responsibility.

HOW DO I GET THERE?

You will need a flight that arrives at Teniente Julio Gallardo Airport (PNT) in Puerto Natales on or before Day 1 of your itinerary. To reach Puerto Natales most people will need to connect through **Arturo Merino Benitez International Airport - Santiago (SCL)**.

To reach Santiago from the UK, British Airways have direct flights departing from Heathrow at 21:55 and arriving at 07:30 the next day (local time). The flight time is 14hrs. Air France offer flights from Manchester with a 2hrs 50min stop in Paris. British Airways have flights from Edinburgh with a stop of 1hrs 4min in Heathrow. Indirect flights have a total travel time of roughly 19 hours to reach Santiago.

For travellers from the USA, LATAM have a direct flight from New York to Santiago departing at 19.30 and arriving the next morning at 05:55 (local time). The flight time is 10hrs 25min. LATAM also offer direct flights from Miami with similar times. Indirect flights are available from Los Angeles, Dallas and San Francisco with LATAM, Delta and Jet Blue.

If you are changing airlines or re-checking your luggage at an airport on route, please ensure you leave a minimum of 3 hours between flights. This will account for any delays on arrival, travel time across airports (this can take longer than you think) and time taken to re-check baggage.

Travelling Responsibly

Here at Kandoo, we like to support our guests to make their travel more sustainable. As of 2025, we are offsetting the carbon on all of our trips from arrival in destination to dropping you back off at the airport. As we don't include flight travel in our trips these aren't included in our offsetting calculations, so we are providing you with the calculator below for you to do this yourselves.

PRE-TREK BRIEFING

It is a requirement of joining any of our treks that you attend a pre-trek briefing the evening before the trek begins. This gives our guides the opportunity to speak to you about your adventure, and sort out any last-minute queries or concerns. In Puerto Natales this is held at 6pm on the evening of Day 1 at your pre-trek hotel, your guide will meet you there.

BUDGET & CHANGE

In Chile the currency is the **Chilean Peso (CLP)**.

Few hotels and restaurants will accept US Dollars as a form of currency so it is advisable to travel with Chilean Pesos. Your guide will show you the best places to change currency at the best rate. We do not recommend the use of traveller's cheques as they are often impractical. Bank cards are widely used for most things but please note that American Express is not commonly accepted.

In Puerto Natales, an average meal for 2 will be around \$50 and a 5km taxi ride around \$8. Taxis are plentiful and most drivers should have a meter, however if they don't, always remember to settle on a price before leaving. If you prefer to do it a bit cheaper then take to the streets, pretty much everywhere in Puerto Natales is less than a 20 minute walk from the town centre.

Expected budget for meals out on your trip (per person): \$50

Our recommended guidance for spending budget per person in Patagonia would be between **\$100-150** on top of your tips. This will give you ample souvenir spending money.

TIPS

You should budget for tips for your lead guide and any assistant guides. Tipping is common in Chile but not mandatory and should be based on the level of service you feel you have received, but 50,000 Chilean Pesos (equivalent to £50 - \$60) should provide enough for tips for each week on your trip.

The amounts below will give you an indication of how much to tip. Please note that these amounts are for the entire group, not per person, therefore you should divide them by the total number of people in your party.

Lead Guide: 20,000 - 25,000 Pesos (\$20-25 / £16-20 per day)

Assistant guide: 7,000 - 8,000 Pesos (\$7-8 / £5-6 per day)

As an example: a lead guide may receive \$20 per day x 8 days = \$160. Divided by 10 people in the group = \$16 per person.

If your assistant guide / porters will be leaving you before the end of your trip, they should be tipped after your trek. Your lead guide can be tipped when you return to the hotel.

Tips can be paid in either US\$ or local currency.

They also recommend primary course and boosters such as MMR and Flu are up to date.
It is your responsibility to check the latest health information before travelling.

INSURANCE

Before you can join any Kandoo Adventures trek, you will need to insure yourself against accident, injury, and illness.

Your insurance must cover the cost of helicopter evacuation and repatriation if necessary. Make sure your insurer knows of your travel plans, and verify that your policy fully covers your trekking and any other activities you will participate in. Specifically, for our adventures in Patagonia, you need to be covered for trekking up to 2000m. It is your responsibility to ensure that you are fully and adequately insured for the duration of your trip. Please ensure that all activities, excursions and destinations in your itinerary are included in your travel insurance policy, in addition to your regular cover for cancellation and medical expenses.

We ask that you keep a copy of your policy summary (containing policy number and the emergency contact number for your insurer) in your day sack at all times, so that we can access this information should we need to contact the insurer on your behalf. You will also need to bring details of your insurance cover to the pre-trek briefing.

Make sure to choose the correct policy for the altitude you are trekking to. Be sure to read the small print carefully for any policy you are considering - different policies provide different levels of cover, so make sure you understand what is and isn't included in your policy.

HEALTH

Malaria

There is no risk of malaria in any of the regions of Chile. However, if you intend to go travelling before or after your tour, please check the specific health risks for the areas you will be visiting.

Dehydration

You will be exerting yourself over numerous days whilst out trekking. This may be something that your body isn't used to and as a result, you will have to drink much more water than you normally would. You should drink at least 3 litres of fluids every day while trekking. Even when you do not feel thirsty you have to drink this amount as a minimum, preferably more. Stay on the look-out for signs of dehydration in yourself and your fellow trekkers. The most common symptoms include thirst, dry lips, nose or mouth, headache and feeling fatigued or lethargic.

Medication

Your guide carries a first aid kit at all times. However, we recommend bringing any medicine you feel you may need. This could include: -

- Painkillers
- Anti-diarrhoea tablets
- High factor sunscreen for lips and skin
- Moisturising cream (for sunburn)
- Elastic bandage, regular bandages and Blister bandages
