

7-DAY ADVENTURE

BEST OF THE TOUR DU MONT BLANC – LITE

France

Our 'Kandoo Lite' Tour du Mont Blanc trips give you the same incredible trekking experience, but with no fixed transfers and just one inclusive hotel night before the trek, this version provides more flexibility for people who want to spend a bit more time exploring Chamonix or further afield.

The iconic Tour du Mont Blanc is world-famous for good reason. Circuiting the rooftop of Europe allows you to uncover an incomparable land of high mountains and glistening glaciers, with mighty Mont Blanc dominating the scene at 4807m. With seven valleys, 71 glaciers and 400 peaks, the Mont Blanc massif is extraordinary. From the Chamonix valley to Courmayeur, from the Fenetre d'Arpète to the wild Val Ferret, along the Swiss, Italian and French slopes, the path winds its way between pastures, glaciers and peaks, over passes and through valleys. You'll begin with an exceptional trek in the reserve of Aiguilles Rouges, where Lac Blanc reflects the magnificent panorama of the peaks and glaciers of the massif and finish traversing the beautiful Col du Bonhomme where glorious alpine meadows sprawl below snow-capped peaks. On our 'Kandoo Lite' trips your service will end once you leave the group at the end of your trek.

TRIP HIGHLIGHTS

- One of the world's most iconic trekking routes
- Comfortable hotel accommodation to relax in at the end of the day's trek

TRIP INFORMATION

DIFFICULTY

The Tour du Mont Blanc is not to be underestimated, there is a lot of steep ascent and descent on this trek, so your legs will be getting a good workout. Yet, whilst a high level of fitness will make the days a lot easier it by no means requires super human fitness. We have reduced the amount of trekking days on this trip and you will have a rest day in the middle of the trip to allow your legs a bit of recovery time. Having a solid training plan in the months prior to departure will allow you to better prepare for the hikes and enjoy yourself when you're on the trail. You will need to reach particular points on the trail each night so you may find the pace of walking to be a little faster than on Kilimanjaro, for example. This is by no means a sprint, and your comfortable accommodation will allow for a good night's sleep at the end of each day, however a good level of fitness will ensure you have a positive experience all round.

Trekking poles are also a lifesaver, especially on the steep Alpine passes! If you are comfortable walking for 6-7 hours with an ascent of 1000m over consecutive days then you are certainly fit enough to succeed on the Tour. Think of it as climbing Snowdon or Ben Nevis three days in a row! If you can do this then there is no reason why you can't complete the trek. We find that all successful hikers share a real *Kandoo* attitude and that means high levels of grit and determination.

FOOD & DRINK

This trip is on a full board basis (except for your night in Chamonix). For your evening meal in Chamonix there is a wide range of local restaurants for you to sample. If you have a dietary requirement or are a vegetarian then just let us know when you book so that your guide can help you to source a suitable menu at the hotels and get appropriate foods for your packed lunch.

The hotels provide hearty, traditional and generous meals. Drinks are not included with dinner, so please make sure you have some Euros and Swiss Francs with you. Hotels in small villages and town may not accept card payments.

Packed lunches will be produced by your guide and include local meats and cheeses, crusty bread and fresh seasonal vegetables. The lunch items will be shared between all of the group for carrying each day. Remember to bring your favourite snacks (cereal or energy bars, dried fruits, chocolate) with you to keep you going through the day.

Tap water is typically safe to drink in France so you can fill up your water bottle each morning at the hotel. On the trek itself, you will be passing many refuges where you will also be able to top up your water if needed.

ACCOMMODATION

Accommodation in Chamonix is in a 3-star hotel in twin rooms. You will stay in Chamonix on the first night of the trip. Please note that your evening meal is not included when you are in Chamonix.

You will spend five nights on the trek in 3-star hotels in twin rooms, with evening meal included.

LUGGAGE

You will need two bags for this trip. One travel bag for your replacement clothes which will be transferred between locations by vehicle (max 10kg). Please do not lock your bag as it may need to be checked by Swiss customs. Please note: Do not leave computers, tablets, cameras and valuable objects in your travel bag. One 30-40L rucksack with a large chest strap that you will carry during the day. You will carry your own personal equipment (spare warm clothes, waterproofs, water bottle, camera and sun screen) and valuables, as well as your packed lunch in your rucksack.

HOW DO I GET THERE?

For travellers based in the UK or the US, it is best to fly to Geneva International Airport (GVA). Lots of airlines fly to Geneva from all of the major UK airports, and many of the larger US international airports as well. There are lots of companies offering transfers from Geneva to Chamonix. The cheapest options tend to be with [Alpybus](#) or [Chamexpress](#) who provide regular shared bus transfers allocated by arrival time. These are usually around 40 Euros each way for a shared transfer. Another option is to book through [Mountain Dropoffs](#), they offer smaller minibus style shared transfers for around 50 Euros each way. With Mountain Dropoffs, it is also possible to pay an additional fee for a private transfer.

You will meet the rest of the group at the pre-trek hotel in Chamonix.

You will leave the group at Chamonix train station on the final day of your trek. Please don't arrange any onwards travel from this point until after 5pm.

Travelling Responsibly

Here at Kandoo, we like to support our guests to make their travel more sustainable. As of 2025, we are offsetting the carbon on all of our trips whilst in destination. As we don't include flight travel in our trips these aren't included in our offsetting calculations, so we are providing you with the calculator below for you to do this yourselves.

[eC02 Flights Calculator](#)

Alternatively if you wish to travel more responsibly, then there are other ways to reach Chamonix. [Flixbus](#) and [BlablaCar](#) offer routes from London to Chamonix with a change in Paris. These take around 22 hours and tend to cost between £75-120 each way. The other option is to travel by train. This is a much quicker option taking between 10-12hrs London - Chamonix, with changes at Paris and Chambéry, however this does come at an increased cost. Expect to pay around £250-300 each way on an advance ticket. Tickets can be found at [Rail Europe](#).

If you choose to travel via train or bus, get in touch and let us know because we like to reward our responsible travellers!

PRE-TREK BRIEFING

Your guide team will meet you at your hotel at 6pm the day before your trek begins, where we'll review the plans for the trip with you, make sure you have all the right gear, and answer any questions you may have. Please try and arrive in time for this briefing.

BUDGET & CHANGE

The currency in France and Italy is the Euro (EUR) and in Switzerland the Swiss Franc (CHF). For the latest exchange rates please see www.xe.com.

Euros are accepted in Switzerland although the exchange rate will not be very good. However, if you are only likely to be buying the odd drink or snack while you are in Switzerland, this would probably be easier than exchanging money into Francs. Foreign money can be exchanged at the Global Exchange in Geneva airport on arrival or you can bring money already exchanged with you, as both these are open currencies. We would recommend the latter as it is no longer possible to exchange foreign currency notes in banks in France, so you may find it difficult to exchange your money after leaving the airport. The only places that exchange foreign banknotes are bureau-de-change which can be found in large cities. You will, however, be able to withdraw money from ATMs in Chamonix on Day 1 of your trip.

The simplest way to pay for things in the Alps is to use an international credit card or debit card. Visa and Mastercard are accepted everywhere alongside standard travel cards such as Monzo and Revolut. You may wish to have some Euros to hand, to pay for smaller items or souvenirs in case the trader does not accept cards. Credit and debit cards are also not accepted at the mountain refuges so you will need to carry enough cash for snacks, drinks and any personal expenses.

The average cost of a meal for 2 in Chamonix is around €50 (\$55). It's not a cheap place to eat out, however it makes up for this by offering free public transport all around the town. If you are wanting to buy some souvenirs to take home then these generally cost anywhere between €5 (\$6) for small items to €500 (\$550) for larger more bespoke gifts. Don't forget you will also need to budget for drinks whilst in the hotels too. Therefore, our recommended guidance for spending budget in the Alps would be roughly €220 on top of any tips, to give you ample souvenir spending money.

TIPS

Tipping customs vary all over the world and can be very confusing when travelling to a new country. There is not a strong culture for tipping in France and please note tips are not a substitute for good wages: our guides are all well paid and well looked after. Tipping is completely voluntary, and at your discretion. If you are unsure of how much to tip, we recommend a general guide of €80-100 per person for the entire trip.
