

8-DAY ADVENTURE

## NORTHERN LIGHTS IN NORWAY

Norway

Beginning in the lively city of Tromsø, we venture out towards the steep sided mountains and huge glaciers of the Lyngen Alps. Following valley trails by snowshoe, we spend several days exploring the hidden paradise in the heart of these unique mountains before heading in the direction of the majestic island of Senja. These fjords and valleys offer mind blowing panoramas, blanketed by snow and ice, as the gentle lapping of waves caress the shoreline. Each night, providing the weather is on our side, we step out to catch a glimpse of the aurora borealis illuminating the evening; it's magical display weaving and dancing across the dark skies.

## TRIP HIGHLIGHTS

- Snowshoe through a peaceful, snowy wilderness
- Visit the quaint, colourful town of Mefjord with it's traditional Norwegian huts

### PLEASE NOTE

*It is in the nature of a trip of this kind that arrangements and participants have to be flexible. While we use all reasonable endeavours to ensure a trip runs according to your itinerary, the day-to-day agenda and ultimate goal of the trip are taken as aims and not as contractual obligations. It is a necessary condition of your joining any of our trips that you accept this flexibility. Occasionally, we may have to make changes and we reserve the right to do so at any time.*

# TRIP INFORMATION

## DIFFICULTY

This Norwegian adventure is rated as **easy**. There will be hiking excursions everyday but the distances covered are relatively short and not very demanding, with very little ascent on most days. To get the most from the trip you should be in good health with a reasonable level of fitness. The weather in Norway is unpredictable, and can be extremely cold in winter with temperatures in Tromsø rarely exceeding 0°C and dropping to as low as -14°C. Strong winds and cold temperatures may make the relatively easy trekking on this trip feel much more challenging. That said, with the right layers and proper equipment this trip is achievable for anyone. If you are unsure about your suitability for this adventure, please feel free to contact us.

## FOOD & DRINK

We are proud of the fresh and frankly delicious food we provide on our Norwegian trips. Each day begins with a hearty breakfast with plenty of tea and coffee. Each morning, you will assist your guide in preparing a picnic lunch for the whole team for day featuring local foods: sandwiches, salads, fruits, cakes and dried fruits.

Your help in the kitchen is expected and much appreciated, particularly in the evenings with food prep and washing up. We like the whole group to work as a team to cook dinner, it creates a pleasant atmosphere as we reflect on the days adventures together. During your stay, you will have the opportunity to taste grilled or smoked salmon (laks), water-cooked and fresh shrimp (reker/ferske reker) and cod (torsk).

We would recommend bringing some of your own snacks to keep up energy levels during the daytime. We won't necessarily be passing or nearby shops during the trip so bringing these with you or buying them in Tromsø on Day 1 is recommended.

Do not forget that alcohol and cigarettes are heavily taxed and expensive in Scandinavia. If you wish to enjoy an aperitif with your group in the evening we recommend purchasing duty-free products at the airport.

## ACCOMMODATION

In Tromsø, we will be staying in comfortable hotels in twin or double rooms with en-suite private bathrooms.

Whilst travelling through the Fjords we will be staying in private apartments in twin rooms with shared bathroom facilities and communal areas.

Single rooms are only available in the hotel in Tromsø.

## LUGGAGE

You will need two bags for this trip. One main luggage bag (70-90L) for your clothes, toiletries and other personal items which will be transferred between locations by vehicle and will be waiting at your accommodation at the end of each day. Please do not bring a rigid suitcase - a flexible duffel bag / holdall is easier to transport. We also recommend packing all of your clothes into dry bags / plastic bags in case of bad weather. You will also need a 30-40L daysack that you will carry during the day. You will carry your own personal equipment (spare warm clothes, waterproofs, water bottle, camera and sun screen) as well as your packed lunch in this bag.

## HOW DO I GET THERE?

To reach Tromsø, there are direct flights from Oslo (3 hr journey) provided by SAS and Norwegian Airlines. Direct flights do not operate every day of the week so you may also need to spend a night in Oslo before continuing your journey the next day.

To reach Oslo from the UK, there are direct flights with British Airways from Heathrow and Norwegian Airlines have direct flights from Gatwick and Edinburgh. SAS have direct flights from Manchester.

If you are travelling from the US, SAS operate direct flights to Oslo from New York. From the west coast there are good flight options with Air France, KLM and Lufthansa.

*If you are changing airlines or re-checking your luggage at an airport on route, please ensure you leave a minimum of 3 hours between flights. This will account for any delays on arrival, travel time across airports (this can take longer than you think) and time taken to re-check baggage.*

## Travelling Responsibly

Here at Kandoo, we like to support our guests to make their travel more sustainable. As of 2025, we are offsetting the carbon on all of our trips from arrival in destination to dropping you back off at the airport. As we don't include flight travel in our trips these aren't included in our offsetting calculations, so we are providing you with the calculator below for you to do this yourselves.

### eCO2 Flights Calculator

If you wish to travel more responsibly, then there are ways to reach Tromsø without flying. [The Man in Seat 61](#) and [Rome to Rio](#) suggest optimal routes from London to Oslo, then Oslo onwards to Tromsø. These take a few days, meaning you can start your holiday early! Expect to pay more for trains and ferries than the cost of a flight, at around £350-400pp each way, but be rewarded with time to marvel at the passing scenery and have a relaxing start to the trip.

## BUDGET & CHANGE

The currency in Norway is the Norwegian Krone (KR). You can withdraw the local currency from ATMs in Trømso and payment by card is widely accepted. Please budget for meals and transport as necessary, drinks, tips, museum entry fees and other personal expenses. Norway can be expensive and a meal out for two can cost at minimum £60 (USD \$70) in Tromsø, whilst a bus ticket will be roughly £5 if not bought in advance. Taxis in Norway are also insanely expensive, expect to pay somewhere in the region of £15 for a 5 minute journey...it's definitely worth going by foot where possible. Therefore, our recommended guidance for spending budget in the Norway would be roughly **£200** (2600 NOK) on top of any tips, to give you ample souvenir spending money.

## TIPS

Tipping customs vary all over the world and can be very confusing when travelling to a new country. Tipping is always appreciated - it is not obligatory and should be left to the discretion of each individual in Norway. Tips are not a substitute for good wages: our guides are all well paid and well looked after. If you are satisfied with your guide's services, we recommend a tip between **£30-40 per person** (equivalent to 350-450 NOK) for the entire trip. On the other hand, if you don't feel obliged, you would not be expected to tip at all.

# FORMALITIES & HEALTH

## PASSPORT

Most travellers require a passport that is valid for at least six months after the return date. It is your responsibility to confirm your specific passport requirements and please be aware that proof of onwards travel may be required. You can check your requirements on the website provided by the Norwegian government

## VISA

Travelling to Norway is visa free for up to 90 days, for UK and US citizens. Please be aware that the new EES (Entry Exit System) is now active for all Non-EU nationals. This means your biometric data (photo and fingerprints) will be taken at the border on arrival. Those travelling from the UK may have their biometric data taken at the time of boarding, rather than on arrival in the EU.

## VACCINATIONS

No vaccinations are required.

## INSURANCE

It is your responsibility to ensure that you are fully and adequately insured for the duration of your trip. Please ensure that all activities, excursions and destinations in your itinerary are included in your travel insurance policy, in addition to your regular cover for cancellation and medical expenses.

We ask that you keep a copy of your policy summary (containing policy number and the emergency contact number for your insurer) in your day sack at all times, so that we can access this information should we need to contact the insurer on your behalf.
