From the other side we will hike down to the Pailon del Diablo waterfall, the second highest in Ecuador, before heading deeper into the dense Amazonian rainforest. This region is known for its treasure hunters, with many folktales telling of explorers who have become lost and swallowed up by the eerie depths of the jungle. Our hike takes us along the tropical forest floor and down riverbeds, where we will scramble down several canyons, using ropes to help our descent in some sections. Our local native guides have extensive knowledge of the incredible flora and fauna that thrive in this untouched habitat. For lunch, we will head to Pijal, a small village located in the heart of the Andes to visit a sustainable project run by our local team called Sacha WarmiKuna (women from the mountain). This is a fantastic small business developed by the local women with the main purpose of supporting their families and encouraging the position of the women in the local society. The project provides them an alternative work besides housekeeping and therefore, a new option for an in-come. Once there, we will take part in the preparation of "Aji", a local spicy sauce that is part of the identity of these women, and a gorge in a tasty traditional lunch made with fresh products, harvested in the surrounding fields earlier that day. TRIP INFORMATION

DIFFICULTY

This multi-activity trip is of **moderate difficulty**. The busy nature of the trip and the fact that you will be undertaking different physical activities every day, in an environment that can be somewhat hot and humid can be tiring, so a good degree of fitness is beneficial to ensure you have an enjoyable experience. The hikes in Ecuador are not technically difficult but they often undulate quite a bit and when trekking in volcanic regions, the ground underfoot is often made up of ashen scree, resembling the feeling of walking on sand dunes. In general however, the routes are accessible to anybody with a good level of fitness and you should find them well within your capabilities. We would recommend heading out into your local hills in the months leading up to your trip to get used to being out for 4-5 hours per day. The weather in Ecuador is warm, as it sits right on the equator, so being prepared for exercising in the heat is important, especially building up a good hydration routine. It is also really important to make sure you have the right moisture wicking clothing that can assist in keeping you cool for the duration of your trip, see our Equipment & Clothing section for more information.

If you are at all unsure about your suitability for this trip please feel free to give us a call.

FOOD & DRINK

In Ecuador, expect to try a whole host of exotic foods and spices as we travel through various different regions. From the traditional foods of toasted corn and stuffed meats, to the more trendy spicy empanadas and citrus-infused cerviche the cuisine here is delicious! The guesthouses and smaller hotels we stay in will provide hearty, generous meals and in the larger cities you will have the choice of local restaurants or hotel favourites. Drinks are not included with dinner, so please make sure you have some cash with you for any drinks you may want. Please also be aware that hotels in small villages and town may not accept card payments.

In the smaller hotels, breakfasts will generally consist of a selection of fruit, bread, eggs, spreads and yoghurt. Packed lunches will be provided by the hotel or guesthouse and will range from rice and beans to sandwiches, fruit and pastries. You will carry your lunch items with you in your daysack. Remember to bring your favourite snacks (cereal or energy bars, dried fruits, chocolate) with you to keep you going through the day.

Water in Ecuador isn't necessarily safe to drink. We provide water bottle refills every morning and evening from a filtered water source, if you think you will need to refill your bottle during the day, we suggest you bring a water purification system. We do not encourage the purchase of single use plastic bottles so we would recommend either a charcoal filter or purification tablets to make your water safe to drink.

ACCOMMODATION

Your full day by day itinerary shows what is included in terms of accommodation and meal basis. All of our pre- and post- climb accommodation is based in Quito. Where your hotel basis is B&B, you can usually purchase snacks or meals at the hotel, which can be paid in US Dollars. When you arrive at the hotel, take a moment to familiarise yourself with the layout and the procedures in the event of a fire, especially your escape routes and fire exits.

On this trip we will stay in a range of accommodation. For some of the nights in the valleys between mountain days we will be staying in family run guesthouses, know locally as *Hosteria*. These are small, simple hotels with basic twin or double rooms. Most of the guesthouses we use have en-suite rooms however, dependant on the location, some have shared bathrooms.

In Quito, we will be staying in a comfortable 4* hotel in en-suite rooms on a twin share basis. Single rooms are also available on request for all nights on this trip.

For our night in the Amazon we will be in a homestay run by a wonderful indigenous family. For this night rooms will be on a twin share basis and there will be separate shared male and female bathrooms.

YOUR GUIDE

You will have an English speaking local guide with you for the duration of your trip to Ecuador. They will be joined by qualified, experienced guides for your biking, rafting and canyoning activities.

LUGGAGE

On this trip you have a maximum luggage allowance of 1 x 23kg bag. We recommend using soft 80-100L duffel bags.

Your bags will be transported by vehicle between locations, and you will carry a smaller 30-40L daysack each day.

HOW DO I GET THERE?

You will need to fly into Mariscal Sucre International Airport (UIO) in Quito on Day 1 of your trip.

For US travellers, there are direct flights to Mariscal Sucre airport with American Airlines, LATAM and Delta from Miami and Atlanta. They also offer services from other main hubs such as New York, San Francisco and Dallas, via Miami. Copa Airlines also offer a service to Quito via Panama from San Francisco and Los Angeles.

From the UK, Delta offer flights from London Heathrow via Atlanta (ATL) and Iberia and British Airways have flights via Madrid (MAD) from all London airports. For UK guests who live further north, KLM have flights via Amsterdam (AMS) from Manchester, Glasgow, Birmingham and other main hubs.

Upon arrival at the airport, once you have exited the Arrivals area, keep an eye out for our driver holding a "KANDOO" sign. Our hotel is a 50 minute drive from the airport.

Travelling Responsibly

Here at Kandoo, we like to support our guests to make their travel more sustainable. As of 2025, we are offsetting the carbon on all of our trips from arrival in destination to dropping you back off at the airport. As we don't include flight travel in our trips these aren't included in our offsetting calculations, so we are providing you with the calculator below for you to do this yourselves.

[eC02 Flights Calculator](#)

PRE-TREK BRIEFING

It is a requirement of joining any of our trips that you attend a pre-trek briefing the evening before the trip begins. This gives our guide team the opportunity to review the plans for the trip with you, make sure you have all the right gear and answer any questions you may have. The briefing in Quito is held at 6pm the evening before the trip begins in the hotel lobby. Should you arrive on a late flight, you will have your briefing on the morning of Day 2.

BUDGET & CHANGE

The main currency in Ecuador is the **US Dollar** (USD). These can be easily exchanged before travelling. It is very important that US bills be new (no more than 10 years old), crisp and untruncated. You will also be able to exchange money upon arrival in Quito. Most hotels, banks and exchange bureaus will exchange money for you and our guides are happy to assist you to do this. Please note that whilst you are out of the big cities there won't be anywhere for you to exchange money, so we would recommend doing this before leaving Quito. Credit cards are accepted in most restaurants and shops in the cities however in the smaller towns and villages they will be useless, so please make sure to have some cash on you as well. If you are relying on a credit or debit card for emergency funds, make sure you tell your card issuer that you will be using it abroad, or you may find that it won't work when you really need it.

Depending on how many souvenirs you want to buy, we would suggest a recommended budget of US\$150 to \$200, in addition to your tips.

TIPS

Tipping customs vary all over the world and can be very confusing when travelling to a new country. Tipping is completely voluntary in Ecuador, and at your discretion. In restaurants and bars there is an official 10% service tax. For the team on your trip, the decision on how much to tip should be determined by how well they serve you whilst you are on your adventure.

Tips should be made in US Dollars and we recommend allocating the following per trekker per day for your tips:

Guides - US\$10

Drivers - US\$5
