TRIP INFORMATION

DIFFICULTY

This multi-activity trip is of **moderate difficulty**. Climbing the volcanoes will involve up to 700m of vertical ascent in a day, possibly on steep and loose terrain. The trip is jam packed and you will be undertaking different physical activities every day for 9 days which can be tiring, so a good degree of fitness is beneficial to ensure you have an enjoyable experience.

To talk about your suitability for this trip please feel free to give us a call.

FOOD & DRINK

Indonesia food is **delicious!** Expect plenty of meat with Sate Padang (beef satay), Ayam Bakar Taliwang (grilled chicken in spices) and Ikan Bakar (grilled fish in Sambal sauce). The cuisine is vibrant and colourful with intense flavors thanks to the vast array of spices.

A typical meal will always include steamed rice along with one or two main dishes of Fish, meat or vegetables. Vegetarians can enjoy Tempe Goreng (Indonesian tofu), Nasi Goreng Lotus (rice with vegetables and egg cooked in a lotus leaf) or Gado Gado (green vegetables with tofu and peanut sauce).

We will take our breakfasts and evening meals either in our hotel or at local restaurants. Lunches will be picnics of fresh fruit and vegetables, bread, cheese and cold meats.

If you have special dietary requirements, please let us know when booking your trip.

Please be aware that tap water in Indonesia is not drinkable. Mineral water can be purchased in most towns and villages but we recommend you bring a water filter or purification tablets. You will be provided with fresh water to fill your bottles each morning and evening.

ACCOMMODATION

On this trip we will stay in **comfortable hotel accommodation** for 10 nights. Rooms will be either double or twin with private bathrooms.

Every hotel we use has been carefully selected for its high levels of comfort and cleanliness, great food, facilities and location.

A single supplement is available on request and subject to availability.

In most hotels, you will find there are flushing, western style toilets with toilet roll available. When travelling around Indonesia in local towns and villages however, toilet paper is a rarity, with Indonesians preferring water as their cleanser of choice. Toilets are more often than not squatties with either a hose, bucket and water, or occasionally toilet paper available. If water is a no go in your eyes then it is definitely worth bringing your own loo roll. In many cases, wiping is a hands-on affair with locals sticking to using one hand for wiping and the other for eating, drinking and shaking hands. Of course, if you wash your hands thoroughly after each visit to the toilet then you shouldn't have any issues either way.

LUGGAGE

Your main bag should be a flexible duffel bag or backpack of around 70-90 litres and not a rigid suitcase. Your luggage will be transported by bus and can be left on the bus while you are participating in activities. In addition you will need a daypack of roughly 40 litres to carry with you each day containing your water, spare clothing, lunch, medication etc. This can be used as hand luggage during your flight. We recommend also bringing a waterproof cover for your daypack.

HOW DO I GET THERE?

You will need to arrive at Denpasar on the island of Bali on day 1 of this adventure. The airport code is DPS.

From the UK, Singapore Airlines and Qatar have convenient flights departing from Heathrow with 1 short stop on the way. Other airlines to consider from London include Malaysian and Turkish Airlines.

Emirates provide convenient flights from Manchester, Birmingham and Glasgow, stopping briefly in Dubai.

For travelers from the US, Qatar Airways have the most convenient flights from New York and Atlanta, stopping briefly in Doha. For those on the west coast, Cathay Pacific have flights via Hong Kong from Los Angeles, San Francisco and Seattle.

On arrival in Denpasar, after clearing immigration and collecting your luggage, please look out for a member of our team in the arrivals area. They will be holding a large "KANDOO" sign.

A customs declaration form must be filled out 48 hours prior to arrival in Indonesia. Follow the link to fill out the form - [Declaration Form](#)

If you are changing airlines or re-checking your luggage at an airport on route, please ensure you leave a minimum of 3 hours between flights. This will account for any delays on arrival, travel time across airports (this can take longer than you think) and time taken to re-check baggage.

Travelling Responsibly

Here at Kandoo, we like to support our guests to make their travel more sustainable. As of 2025, we are offsetting the carbon on all of our trips from arrival in destination to dropping you back off at the airport. As we don't include flight travel in our trips these aren't included in our offsetting calculations, so we are providing you with the calculator below for you to do this yourselves.

BUDGET & CHANGE

The currency in Indonesia is the **Indonesian Rupiah** (IDR). You can withdraw local currency from ATMs in the country or exchange cash at exchange offices in the airport and larger towns.

For the latest exchange rates please see www.xe.com

The cost of an average meal in Java is between \$3 and \$8. On Bali that increases to \$4 to \$11. When purchasing souvenirs, we ask our guests to respect the Species Protection Agreements (CITES) which protects 2,500 species of animals by prohibiting the trade of hides, scales, corals, shells and live animals.

TIPS

Tipping when you are satisfied with the service you have received is customary in Indonesia. However, it is not mandatory and should be left to the discretion of each individual. We recommend a budget of \$3 to \$4 per person per day for tips.

Specifically, for our Volcanic Adventures trip, you need to be covered for trekking above 4000 metres and for our Bali Multi-Activity you need to be covered for trekking above 3,000m. It is your responsibility to ensure that you are fully and adequately insured for the duration of your trip. Please ensure that all activities, excursions and destinations in your itinerary are included in your travel insurance policy, in addition to your regular cover for cancellation and medical expenses.

We ask that you keep a copy of your policy summary (containing policy number and the emergency contact number for your insurer) in your day sack at all times, so that we can access this information should we need to contact the insurer on your behalf. You will also need to bring details of your insurance cover to the pre-trek briefing.

Make sure to choose the correct policy for the altitude you are trekking to. Be sure to read the small print carefully for any policy you are considering - different policies provide different levels of cover, so make sure you understand what is and isn't included in your policy.

Malaria prophylaxis are not required for travel to Java and Bali but are required in other parts of Indonesia such as Lombok and the Komodo Islands.
